Care That's Personalized for Every Patient

The Virginia G. Piper Cancer Center provides innovative treatment for most cancers. Our multidisciplinary team will help you understand the available treatments and determine the best care plan for you based on many individual factors, including the type and stage of the cancer. We collaborate with your personal physician to ensure seamless care.

Oncology Nurse Navigators are part of the multidisciplinary team and function as your advocate. These masters' prepared registered nurses have advance expertise in oncology. They will provide education regarding your disease process, treatment options and plan, how to manage side effects and survivorship care. Your Oncology Nurse Navigator can recommend the appropriate team member for any specific need you may have, identify your barriers to care and provide resources for you.

Virginia G. Piper Cancer Center Clinical Trials

As you search for hope and healing, you need a center with the most advanced treatments that exceeds in phase I and II clinical trials.

We're accelerating innovative new cancer treatments through the study of cancer genetics thanks to partnerships with TGen, the Translational Genomics Research Institute, pharmaceutical companies, biotech firms and academic universities.

A Clinical Trials Oncology Nurse Navigator will serve as a link between you, your physicians and the dedicated research clinical trials team to ensure you have the education, support and resources that you need.

Body, Mind and Spirit Program and Social Support

Cancer affects more than just your physical health. Our programs feature an exercise studio, complimentary therapies, a variety of classes designed to relieve your symptoms, help alleviate pain and manage side effects all to improve your overall well-being.

Social Services

Our licensed, clinical social worker can provide counseling to help you maintain your emotional balance throughout treatment and into survivorship. We offer support groups for patients and caregivers, and can connect you with many resources.

WELCOME TO HONORHEALTH, YOUR PARTNER IN CARE

HonorHealth was formed by a merger between Scottsdale Healthcare and John C. Lincoln Health Network. HonorHealth's mission is to improve the health and well-being of those we serve. The healthcare system encompasses:
