

ELECTIVE DELIVERIES

This is the percentage of mothers whose deliveries were scheduled 1-2 weeks early, when it was not medically necessary.

What is HonorHealth doing to improve Elective Deliveries <39 weeks gestation?

- Creating a consistent scheduling process for elective deliveries
- Educating patients about the importance of waiting until 39 weeks for elective delivery

HonorHealth Quality Metrics

Elective Deliveries

Elective Deliveries - % of mothers whose delivery was scheduled too early (1-2 weeks early), when a scheduled delivery wasn't medically necessary.

Elective Deliveries Less Than 39 Weeks
