Neurological Physical Therapy Residency Program**

HONORHEALTH™

Audrey Pinner, PT, DPT

Dr. Pinner graduated from the University of Mississippi in 2011 with her Bachelor of Arts degree in Psychology. She then returned to her home state of Tennessee to attend physical therapy school. Audrey earned her Doctorate of Physical Therapy in 2014 from Tennessee State University. Since graduating Audrey has been working toward her goal of becoming a Neurologic Clinical Specialist and is a resident in the HonorHealth/Northern Arizona University Residency in Neurological Physical Therapy. Audrey enjoys focusing on treating neurologic injuries specifically brain injuries, spinal cord injuries and strokes in order to sharpen her skills. This will allow her to assist patients to recover to their highest possible level of function. Audrey is also a member of both her national and state professional organizations. She attends local chapter meetings and utilizes online resources through the organizations to increase her knowledge in order to assist with patient care.
