New Patient Welcome Kit

Get Superior Care, Anytime or Anywhere

Welcome! You are now enrolled for Stat Doctors™ supplemental health benefits, because your employer values your health, time and productivity. Our doctor visits via internet and phone give you immediate access to a board-certified emergency room physician for most common medical conditions wherever and whenever you need treatment.

How Do You Benefit?

- Doctor visits without leaving your home or work
- Doctors on call to you 24/7/365
- Board-certified emergency room physicians, passionate about quality care
- Physicians can send prescriptions electronically to a pharmacy anywhere in the United States
- Wait time typically 10 minutes or less
- Avoid costly ERs and Urgent Care Centers
- Reduce exposure to other illnesses
- No deductible requirement
- Affordable cost – less than most insurance copays
- Accessible from home, work or travels
- Eligibility Included as part of your employee health benefits

“As a mom who works full time, I don’t always have the option to pack up the kids and head out to an Urgent Care. That’s why I appreciate the convenience of Stat Doctors.”

— Terri Payne

Doctor Visits From Home, Work or On Vacation

Using Stat Doctors is just like having a personal traveling physician that can treat you for most common medical conditions. You can avoid the long waits, high cost and exposure to illness you find at ERs and Urgent Care Centers. You’ll get the treatment you need in a way that’s convenient, affordable and preferred!

How Stat Doctors Works

Our doctor visits are through internet or phone consultations with a Stat Doctors’ physician who is board-certified in emergency medicine. You can also use a webcam or upload a picture. They will evaluate, diagnose and treat your condition. If you require medicine, your physician can send a prescription electronically to any pharmacy in the United States. It’s superior care, anytime anywhere.
