Seminars are available online and in-person at the HonorHealth Shea Medical Center location.
Visit Honorhealth.com/events to register.
Congratulations!
By considering the option to undergo weight loss surgery, you have taken the first step necessary to change your health...and your life. Please read the following information carefully.

Please do not print the packet double sided.

Steps in the Process:

1. **You must attend one of our free public educational seminars.** A list of our current seminars is located on our website Honorhealth.com/events or call 623-580-5800.

2. **Confirm your insurance coverage for weight loss surgery.**

Patients Paying Cash:

Patients who have decided to pay cash either because they have no insurance benefit or because they do not want or are not able to meet the requirements of their insurance company go directly to #3 below.

**If you are going to use insurance to pay for your surgery:**
**Contact your insurance carrier** to determine whether you have a weight loss benefit as part of your insurance coverage.
Your insurance company may require a medically supervised weight loss program. You may opt to work within our system of care or with your primary care physician to complete your supervised weight-loss program.

**OUT OF NETWORK:**
If we are not a contracted provider for your insurance company, you may still choose to complete our program.
All charges would be subject to your out-of-network benefits.

3. **Complete and submit your new patient packet.**
You must **completely fill out** your new patient packet and **sign it** in order for us to determine whether you're a candidate for surgery at the HonorHealth Bariatric Center. **Please complete this packet in ink.**
   - Include a copy (front and back) of your **insurance card** with your completed packet.

4. **Support documentation is now required** by all insurance companies for HMO, POS and PPO type plans. You will need to provide:
   - A letter from a physician supporting your decision to undergo weight loss surgery.
   - The physician will refer to this as a letter of medical necessity. We have attached a copy of a sample letter that you can give to your primary care doctor to complete.
   - If your insurance company requires a supervised medical weight loss period, we can help by having you work with our medical weight loss specialist.
   - This program is covered by most insurance plans.

5. **Submitting your completed packet:**
   - You can bring the packet, insurance information and supporting documentation to the public seminar, or
ii. **Mail** your completed packet and documentation to:

HonorHealth Bariatric Center
10210 North 92nd Street, Suite 101
Scottsdale, Arizona 85258

iii. Or **Email** your completed packet and documentation to:

weightloss@honorhealth.com

Please do not fax your completed new patient packet

6. **When we have received your packet:**

- We will verify your insurance benefit, co-pay and eligibility requirements. Our patient liaison will then call you to answer any questions you may have and help you develop a plan to complete the program.
- For patients who are not using insurance to pay for the surgery, our patient liaison will call you to schedule your initial consultation and answer any remaining questions you may have.
- All patient packets are evaluated for possible medical problems or special situations that might require a different pathway of care.

7. **Your initial consultation will include:**

- A comprehensive health history and physical evaluation by the surgeon.
- A nutritional evaluation by one of our staff Registered Dietitian. This is now required by all insurance companies in order to obtain an authorization for surgery.
- All patients must complete a comprehensive psychological evaluation and testing by a Licensed Clinical Psychologist specializing in Bariatric surgery prior to surgery
  - You will be given a list of psychologists that we work with in order to complete this requirement.
- An exercise consultation by our staff Exercise Physiologist.
- Your initial appointment at HonorHealth Bariatric Center will last approximately 2 hours.

We will email you the confirmation of your appointment and a map to our office. If you cancel or reschedule an appointment please give several days’ notice.

PLEASE REMEMBER: If you did not submit a letter of medical necessity from your Primary Care Physician supporting your application for surgery, or your medically supervised weight loss documentation, **you MUST bring it with you** to your initial consultation.

**AUTHORIZATION** for surgery cannot be submitted without these documents.

*That’s it! You’re now on your way to better health. While it’s understandable that you may be anxious to schedule this life-changing event, we thank you for your patience during the process. At HonorHealth Bariatric Center, we take every precaution to ensure your health, safety and long-term success.*
